

STROBE LIGHTS

#640 Sirius, #641 Aqua-Sirius, #642 Sirius MILTAC, & #643 Tri-Sirius Strobes
LSC has developed a series of strobe lights for both commercial and military/SAR applications that exceed US Coast Guard and SOLAS performance requirements. Commercial PFD lights have USCG approval and offer standard manual or water-activated functionality, while the military and SAR specific models provide enhanced signaling features, including infrared (IR) and multiple color LEDs.

Specifications					
Product Name	Sirius	Aqua-Sirius	Sirius MILTAC	Tri-Sirius	
Product Number	#640	#641	#642	#643	
Functions	Water Activated	No	Yes	No	
	LED White Strobe	Yes	Yes	Yes	
	LED IR Wavelength	No	No	Yes	No
	LED Blue Strobe	No	No	No	Yes
	Green Work Lamp	No	No	No	Yes
Case Color	Orange	Orange	Sage Green	Orange	
Water Proof	Yes	Yes	Yes	Yes	
Batteries Required (not included)	AA (two)	AA (two)	AA (two)	AA (two)	
Continuous Operation Life	18 hours	18 hours	18 hours	18 hours	
Strobe Rate	60 P/M +/-	60 P/M +/-	60 P/M +/-	60 P/M +/-	
Size	4.6" x 2.0" x 1.1"	4.6" x 2.0" x 1.1"	4.6" x 2.0" x 1.1"	4.6" x 2.0" x 1.1"	
Weight (with batteries)	3.3 oz	3.3 oz	3.3 oz	3.3 oz	
Attachments	tether cord Hook Patch	tether cord Hook Patch	tether cord Hook Patch	tether cord Hook Patch	
Visible Distance	Over 3.5 miles	over 3.5 miles	over 3.5 miles	over 3.5 miles	
Activation	Manual	On/Off slide switch	Cycle On/Off switch 2x within 5 seconds White Strobe: Cycle On/Off switch 3x within 5 seconds IR Signal: On Position	Multi-position slide switch	
	Automatic	N/A	Water: On Position	N/A	
Approvals	USCG	USCG/SOLAS
